

City Hall Civil Package

This photography service is designed for couples getting married at the town hall in a small, intimate ceremony, but who want to preserve high-quality memories of their special day. We know that, in many cases, these ceremonies are simple and have few guests, but this doesn't mean that the important moments should go unrecorded.

Often, couples end up asking a friend or family member to take photos, but this can lead to awkward moments and the risk of not getting the best shots. For this reason, we offer this specific package to ensure that every moment is captured with professionalism, sensitivity, and attention to detail.

Professional and affordable coverage.

PVP: 250€

City Hall Civil Package

Witnesses are a fundamental part of the wedding, as they are usually very close family members. That's why we make sure you're beautifully captured in the photo report with natural and elegant images, always in clear, clean light.

We also follow a detailed list to guarantee that no essential moment is left out of the report.

- Arrival of the bride and groom
- Guests and atmosphere
- Photographs of the witnesses
- Photographs of the bride and groom from different angles and perspectives
- Exchange of rings and first kiss
- Signing of the documents
- Group photographs
- Exit of the bride and groom, if necessary

Photographic coverage of 1 hour and 30 minutes

With this service, we guarantee a complete and professional report of your civil wedding with high-quality photographs that will capture the essence of this unique moment.

For weddings outside of Calonge, Palamós, Playa de Aro, Palafrugell, and Sant Feliu de Guíxols, a separate travel fee of 0.50€/km will be charged.

If the ceremony runs longer than 1 hour and 30 minutes of coverage, a supplement of 50€ will be charged.

City Hall Civil Package

We recommend adding a touch of floral decoration to give the space a welcoming feel. Well-chosen decorative elements can make all the difference and enhance the beauty of your photographs.

We work with two cameras simultaneously and different lenses to capture every detail. We use everything from a wide-angle lens to cover the entire space (ideal for small rooms) to tighter lenses for intimate portraits, ensuring the highest quality in every moment captured.

Professional photo retouching: Town hall rooms often have elements that can be visually distracting, such as fire extinguishers, emergency lights, signs, or technical equipment.

We are meticulous and ensure that the photographs are clean and free of distractions, guaranteeing an elegant and polished result.

Photographs in vertical and horizontal format to achieve a balanced and coherent report, capturing every detail with harmony and style

Fast and efficient delivery, directly to your emails, organized and categorized by folders so you can easily find every special moment

Every moment counts. We captured all the important moments, like signing the documents and exchanging rings, so nothing is left out of the memories.

City Hall Civil Package

Photos like this are part of the essential "checklist" of photos that must be taken. All group photos are a must at any wedding. We gather the whole family, the closest friends, and those closest to us to capture this unique moment and preserve this significant occasion.

Ensuring that no one is left out of this special memory, we professionally document every detail, immortalizing the day with images that will last forever.

If time allows, it's ideal to complement the photo shoot with couple's photos or more family pictures. Portraits like these capture the essence of an unforgettable day. Book now and ensure you have a professional photo shoot for that special day.
